Windsor, Ontario, CA

I have a valid Work Permit

Summary

Customer-focused and results-driven Customer Service Representative with proven experience delivering exceptional support across phone, email, and live chat channels. Skilled in resolving technical and service-related issues, managing customer accounts through CRM systems, and ensuring high levels of customer satisfaction. Adept at troubleshooting, upselling relevant services, and collaborating with cross-functional teams to enhance support processes. Demonstrates strong communication, data analysis, and problem-solving abilities with a deep understanding of customer needs and business goals. Committed to maintaining professionalism, accuracy, and efficiency in high-volume environments while adhering to company policies and privacy regulations.

Qualifications

- Demonstrated adaptability and reliability through flexible scheduling, including evening and overnight shifts.
- Holds a Master of Applied Computing from the University of Windsor with strong technical proficiency in computer systems and software navigation.
- Adept at multitasking in fast-paced environments with a continuous drive to learn emerging technologies.
- Equipped with a quiet, dedicated remote workspace, including a desktop or laptop, high-speed internet, and a smartphone.
- Willing to complete technical assessments for system and internet readiness, with access to employer-provided equipment if required.
- Over 2 year of hands-on experience in customer service and technical support at IO Solutions, supporting Rogers Internet, TV, and Mobile services.

Education

- Master of Applied Computing at University of Windsor (Jan 2023 – Apr 2024)
- Bachelor of Technology in Computer Science at LBR College of Engineering. (Jul 2015 - Apr 2019)

Work Experience

Tim Hortons,
Shift Supervisor

Canada, Ontario
Jun 2023 – Feb 2025

- Delivered exceptional customer service by addressing client inquiries and resolving issues promptly, ensuring a positive client experience in a fast-paced environment.
- Scheduled and managed customer orders, coordinating multiple tasks simultaneously while maintaining accuracy and efficiency.
- Handled and escalated customer requests as needed, ensuring timely follow-up and resolution of any concerns. Supported team operations by organizing inventory, managing documentation, and providing consistent communication with team members to improve operational flow.
- Demonstrated strong multitasking skills by managing multiple service channels (drive-thru and counter) and ensuring quick, accurate responses to customer needs.
- Maintained meticulous records of transactions, following operational guidelines, and assisting with general administrative tasks to support overall business operations.

IO Solutions,
Customer Support Representative / Technical Support

Canada, Ontario
Jam 2021 – Feb 2024

- Delivered high-quality inbound customer support across phone, email, and live chat channels, resolving technical and service-related inquiries for Rogers Internet, TV, and Mobile products.
- Utilized CRM systems to manage and document customer interactions, ensuring timely follow-ups and accurate case handling.
- Provided step-by-step technical support for Microsoft Windows and related software, improving first-call resolution rates.
- Identified trends in customer feedback and analyzed support data to suggest service improvements and product enhancements.
- Detected patterns in concession abuse and contributed to fraud prevention strategies, significantly reducing financial loss.
- Promoted relevant products and services based on customer needs, enhancing customer experience and retention.

- Collaborated with cross-functional teams to improve internal workflows and supported training for new hires on best practices.
- Maintained strong knowledge of all Rogers offerings, policies, and procedures to ensure accurate information delivery.
- Managed multiple customer accounts efficiently while maintaining compliance with company policies and data privacy regulations.
- Demonstrated adaptability by managing high-volume support tasks, meeting KPIs, and maintaining service quality in dynamic environments.

Skills

- Excellent verbal and written communication skills, ensuring clarity and understanding with customers.
- Adept at identifying issues and providing timely, effective solutions that meet customer needs.
- Committed to delivering high-quality service and ensuring customer satisfaction.
- Experienced with CRM systems, Microsoft Office Suite, and other customer management software.
- Capable of handling multiple customer inquiries simultaneously while maintaining attention to detail.
- Proven ability to work well in teams and collaborate across departments to resolve customer issues.
- Quick learner, able to adapt to new processes and tools while maintaining focus on customer care.
